CAPT. KIPLINGER ARRESTED BY SWISS AFTER GRAFT PROBE

Rushville Attorney One of Two American Army Officers Detained Nov. 10 in Zurich

EVIDENCE IS CONFISCATED

Papers Incriminate Prominent Swiss Business Men in Bogus Army Contract Deals

CREDENTIALS OF NO AVAIL

Swiss Detectives Menace Officers With Revolvers and March Them Through Streets

How Captain John H. Kiplinger of this city, who has been a trial judge advocate in the Paris district for several months, together with another American army captain, were arrested by the Swiss police and valuable papers which they had collected in an investigation of a contract graft, resulting in strained relations between the two governments, is graphically told in a wireless dispatch to the Chicago Tribune from Henry Wales, the Tribune's correspondent in Paris.

When they were finally released, Capt. Dasher, the Rushville man's companion, proceeded to Paris where he repeated the story to army officials and Capt. Kiplinger remained in Bern where certain valuable evidence, which the officers successfully secreted, was deposited in the American legation.

The following story came by wireless and was copyrighted by the Tribune company, but permission has been granted the Daily Republican by the Tribune to reprint it in full:

Paris, Nov. 16.—Swiss-American diplomatic relations are highly strained and the state department and war department at Washington have ordered investigations, through Minister Pleasant Stovall, at Bern, following the unwarranted arrest of two American captains at Zurich on Nov. 10, and the confiscation of the evidence they had dug up incriminating prominent Swiss business men defrauding the United States government out of 2,000,000 francs in bogus army contracts during the war.

Captains Arthur L. Dasher of Madison, Ga., and John H. Kiplinger of Rushville, Ind., were sent to Switzerland in August to investigate the fraudulent contracts made between the United States purchasing commission stationed at Bern and a number of Swiss manufacturers. Capt. Donald McPherson, a Chicago lawyer, headed the American purchasing commission in Switzerland. The details of the letting of the contracts under investigation were in charge of Sgt. Lewis H. Wetmore formerly employed on the New York Times.

It is alleged that Wetmore became friendly with a Russian, Baron De Kehevitich, at Bern, who worked through a decoy named Simon Weismann, who went to the Swiss manufacturers and told them alone could swing the American contracts, and obtained 15 per cent commission on all the business. Then turned over the deals to Dasher and Kehevitich, who put them through a Wetmore, it is charged.

Wetmore is accused of awarding contracts at higher figures than bids submitted and dividing the excess with the Russian baron.

Dr. Max Rudolph, now representing the Montgomery Ward company in Switzerland, it is alleged, gave Wetmore 75,000 francs to be awarded a contract for 75,000 aeroplane compasses at 5 francs apiece but instead Wetmore is said to have made the contract price 7 francs. Continued on Page Eight

NOT TO HAMPER RAILROADS

Transportation Will Not be Curtailed, Hines Announces Today

(By United Press.)
Chicago, Ill., Nov. 19.—Transportation will not be curtailed at present because of the shortage of coal, Rail Director Hines announced today following a conference with regional railroad directors here. Whether or not there will be any curtailment of transportation depends entirely on further developments, Hines said.

WARNS AGAINST EXCESSIVE PRICE

Fuel Administrator Garfield Says Public Interest is Paramount in Coal Situation

SPEAKS TO WAGE CONFERENCE

State Public Utility Concerns Asked to Limit Coal Consumption as Much as Possible

(By United Press.)
Washington, Nov. 19.—Declaring public interest is the paramount issue in the coal situation, Fuel Administrator Garfield today gave warning against attempts to charge excessive prices for fuel.

Garfield gave the warning in an address to the miners and operators who are in conference here to settle differences and negotiate a new wage scale.

After flat refusal to say whether the government will permit any increase in the coal price in case the miners get a wage increase, Garfield read figures showing the margin made by miners and operators.

The president of the country, he said, will not see labor deprived of its just due or force a loss upon men who have invested money in mines. Neither will the people of the country be compelled to be deprived of fuel, Garfield declared.

The operators average margin is 40 cents a ton. This figure should not be confused with profit, he said and added that it includes profit and out of which must be paid the excess profit tax. The excess profit tax was 30 cents a ton in 1917, according to Garfield.

Indianapolis, Ind., Nov. 19.—With the coal situation so serious that a number of utility concerns are on the point of closing, the utility fuel committee today sent a letter to all public utility concerns calling on them to "ask themselves if the time has not come for the limitation of all consumption of coal consistent with public health and safety."

The letter went out following a conference with E. I. Lewis, chairman of the public service commission, Evans Woolen, chairman of the utility fuel committee, and W. Tobin secretary of the utility fuel committee.

Indications were that some concerns will be forced to close before the end of the week if a release is not obtained.

POULTRY HOUSE BURNS

Bedford, Ind., Nov. 19.—A large three-story poultry house owned by Cravens Bros., who operate a chain of such houses with headquarters at Seymour, was practically destroyed last night by fire. The building was completed only a few weeks ago at a cost of \$8,000. Much live poultry was burned, but most that had been packed was saved.

COMMISSION IS GRANTED

Standing of Arlington High School Raised by State Board.

Through the special effort of T. R. Lee, trustee of Posey township, in selection of the teachers of the Arlington high school with Professor W. E. Wagner as principal, the state high school inspector on a recent visit found the school in excellent condition and recommended to the State Board of Education that a commission be issued, which was granted at once. This puts the Arlington high school in a much higher class.

URGES DEFEAT OF LODGE'S PROGRAM

President Addresses Letter to Sen. Hitchcock, Saying it Means Nullification of Treaty

RETORT OF SENATE LEADER

Lodge Says Senators Have Equal Power With President and Will Not Obey His Orders

(By United Press.)
Washington, Nov. 19.—President Wilson today strongly urged administration senators to defeat the Lodge resolution of ratification of the peace treaty.

The Lodge reservation means "nullification" of the treaty, he declared in a letter to Senator Hitchcock.

"I sincerely hope that the firm supporters of the treaty will vote against the Lodge resolution of ratification," the president said. "The door then probably will be open for a genuine resolution of ratification."

Senator Hitchcock, administration leader, read the letter to the democratic senators who met today to agree upon the final course in the treaty fight.

Wilson stated that the Lodge resolution in its present form does not really provide for ratification of the treaty.

Senator Lodge proffered his final resolution of ratification just after the senate met. This resolution contains the preamble and fourteen reservations agreed upon by a majority of the senate.

President Wilson's letter brought a caustic comment from Senator Lodge, who declared the president undertakes to command the senate to ratify the treaty without reservations and would have it adopted by a majority vote. "The senate vote will not follow the president's wishes," Lodge declared.

"The senate has equal power with the president in the making of the treaty," he said. "They will not in my opinion obey the order of the president who undertakes to command the senate to ratify the treaty without reservations adopted by a large majority of the senate which Americanize it and make it safe for the United States."

"What he commands cannot be done," Lodge declared.

Before Senator Lodge presented his resolution, Senator Hitchcock told the republicans that there were sufficient democratic votes to defeat it.

EX-SOLDIERS TAKE CLOTHES

Vincennes, Nov. 19.—Two boxes of used clothing, to be sent to Germany to be distributed among the poorer classes, were taken from the German Lutheran church at Free-landville, north of here, by members of the American Legion and turned over to the Red Cross.

A baby boy was born to the wife of Russell Six of near Arlington Saturday, November 15. He weighed six pounds and has been named Edward Posey.

CAR STILL HELD BY THE REPLEVIN SUIT

Automobile, Ownership of Which is in Dispute, Remains in Local Garage Today

BINKLEY STICKS TO STORY

Restraining Order Granted and Attorneys Fees Allowed in Bebout Divorce Case

The big touring car which is being held here on a replevin charge filed yesterday by the Atlas Securities company of Kansas City against E. G. Spears, Walter Binkley and O. F. Bissard, was still in charge of the local garage, and cannot be removed until an order from the court or the final decision in the case is made.

Binkley in his story maintains that Spears, whose home is in Indianapolis, was arrested in Hamilton, charged with the theft of the machine. The laws of Missouri, where the security company does business, state that a machine which is given as a chattel mortgage must not be taken out of the county, and if so, becomes the property of the security company.

The security company maintains that in taking the machine from St. Louis, Spears is guilty of stealing the machine from them. Binkley stated yesterday that it was his machine and he lived in Omaha, from which city the machine was taken. The two stories conflict, and an interesting case will be made out of it when it comes to trial.

Mrs. Pearl V. Bebout has filed suit in circuit court against Russell Bebout asking a divorce and alimony and a temporary restraining order. The court late yesterday heard the verified petition for a temporary restraining order and granted it. This morning the application for suit money was heard and an allowance of \$25 was granted as attorney fees. The restraining order as granted yesterday was dissolved as to personal property and confined as to other property, and in all other matters. The matter of support money was continued.

Mrs. Bebout in her complaint Continued on Page Four

FARMERS PLEASED WITH CONVENTION

Say First State Meeting Went Off Smoothly Without Any Serious Disagreement

CHARTERS WILL BE ISSUED

The Rush county delegation of farmers, estimated to number about twenty, was immensely pleased at the success of the first convention of the State Federation of Farmers' associations in Indianapolis yesterday. The meeting went off smoothly, without any serious disagreement, although there were several heated discussions.

One matter of business transacted, which was of general interest to the Rush county association, was the decision to make the membership fee uniform all over the state. All counties which organize according to the plans to be drawn up by the state board of directors will receive a charter and the county bodies in turn will give a charter to the township organizations following the same general outline.

The local association is interested because the membership fee was fixed at \$5 here in common with most of the other county organizations, and the Henry county association made their fee \$2.50, which resulted in many farmers in northern Rush county joining in Henry county.

LUCKILY ESCAPE IN BAD RUNAWAY

John Gephard and Two Daughters Thrown to River Bottom When Horse Dashes Down Hill.

ACCIDENT NEAR CARTHAGE

Mary Gephard Suffers Broken Collar Bone—Buggy Suspended on Railing of Bridge.

One of the most unusual accidents that has occurred in this county for a long time happened last night near Carthage, when three people figured in a runaway which resulted in throwing the buggy in which they were riding upon the railing of a bridge, and throwing the occupants down along the water's edge twenty feet below, breaking a collar bone for one of the persons. The other two escaped with only minor injuries.

John Gephard and his two daughters, Mary and Ida, were driving a horse hitched to a buggy, toward Carthage on the road which leads into the west part of the town, and were coming down the incline near the Blue River bridge when the hold-back either broke or became unfastened, permitting the buggy to hit the horse, which frightened the animal.

The horse made a wild dash down the hill, and struck the bridge, swinging the buggy onto the iron railing where it was left suspended. The three occupants were thrown overboard and landed at the edge of the water, about twenty feet under the bridge.

It is considered marvelous that they escaped with no more serious injury. A short time later Knowlton Newhouse of this city came along in his automobile and went to their aid. Dr. J. A. Sipe of Carthage was summoned, and they were taken to a nearby house where their injuries were given treatment.

Miss Mary Gephard was the most seriously injured and an examination revealed that she had a broken collar bone, and other bruises. Mr. Gephard and the other daughter, Ida, were severely shocked and stunned by the fall, and were scratched and bruised, but otherwise escaped luckily.

The accident happened about eight o'clock last night which in the denseness of the night added much more to the discomfort of the injured people, while awaiting for help.

The buggy was removed this morning from the railing and was Continued on Page Six

INTOXICATED AND HITS TRAFFIC POST

Edward McMillin, After Breaking Away From Policeman Last Night Calls For Car Today.

PLEADS GUILTY AND IS FINED

Edward McMillin appeared before Mayor Irvin this morning and pleaded guilty to a charge of intoxication. Last night he was driving a small truck and hit the traffic post at the corner of Morgan and Second streets and Policeman Newhouse arrested him. When unlocking the outer door of the jail, McMillin broke away and ran, and was lost in the darkness.

The machine was obtained and held by the police, and this morning McMillin called for it, and was given a fine of a dollar and costs. It is understood that he is here with several other people working in the interests of a sewing machine company, and had a sewing machine on the truck last night when it hit the post. The policeman at first was going to assist him, and then found that he was intoxicated.

CITY HAS 8 DAYS SUPPLY OF COAL

Expected Fuel Will be Supplied by Rail Administration as Local Plant Provides Water

NECESSARY TO RUN TRAINS

City Council Decides Lightless Order Shall be Observed Strictly in Rushville

The city council meeting in regular session last night discussed the coal situation, and received bids for a new header at the water and light plant which was about all that came before the meeting.

Superintendent A. T. Madin of the water and light plant stated that they had received two car loads of coal which was in transit at the time the railroad order was put into effect, and the cars were allowed to continue on their way here.

Had not these two cars reached here, Rushville would have been a city of darkness several days ago. He reported that the supply on-hand now would last about eight days, as long as the usual daily amount was being used. In case of fire or any other heavy drain, the coal would be used much faster.

The lightless nights question was brought up, and it was decided that no unnecessary lights should be burned. The chief of police was instructed to notify all the merchants today that there were to be no window lights displayed at night, and that all other lights used be used moderately. The mayor also instructed the chief of police to notify all people using porch lights in the resident portion of the city, to discontinue them at once.

The council decided that merchants or people in their homes who violated the new order, would have their service cut off the next day. The light order also applies to electric signs, and to any place where a light is not of a most vital importance.

The superintendent stated that he had written to the railroad administration telling them of the need of the city and asked that it be allowed coal. He pointed out to the railroad administration that the three railroads passing through here were solely dependent upon the city for water supply, and without coal, the trains on these roads could not pass through here, as the distance between tanks is too great.

MEMBERSHIP HERE NOW TOTALS 2208

Additional Reports on Red Cross Roll Call Drive Received From City and Noble Township

NEARLY TWO HUNDRED ADDED.

The Red Cross 1920 membership today stood at 2208, nearly two hundred renewals being reported since the report of yesterday showing 2026. The largest number came from the south side of Noble township. John McKee of New Salem this morning turning in 129 at headquarters. Roscoe Titworth is in charge of the canvassing on the north side, but no report has yet been received from him.

Word has been received from one more Rushville city district, Amos Baxter, the captain, having reported 31 renewed memberships. Warder Wyatt reported an additional 20 names making the total to date in his district 73, and he hopes to make it 100 before the canvass is completed.

Headquarters is still without any definite reports from Ripley, Union or Center townships.

Catarrh Is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in un-stopping the choked-up air pass-ages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S. today, and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh and gives satisfactory results. For special medical advice free regarding your own case, address Medical Director, 51 Swift Laboratory, Atlanta, Ga.

Personal Points

—Lee Pyle transacted business today in Indianapolis.

—Will Inlow transacted business today in Fountaintown.

—Mrs. Belle Cosand was in Indianapolis today on business.

—Miss Belle Gregg spent the day with friends in Indianapolis.

—Carlton Chaney was a business visitor in Indianapolis Tuesday.

—Lincoln Gaffin was among the business passengers this morning to Indianapolis.

—Frank Baughman of Connersville spent last evening in this city visiting friends.

—Miss Fanny May Ramey was among the passengers this morning to Indianapolis.

—The Misses Freda and Elizabeth Flint were in Indianapolis today attending the city schools.

—Hayes Jones of Indianapolis spent Sunday in this city, the guest of his mother, Mrs. Dave Powell.

—R. D. Sampson has returned from a few days visit in Kokomo with his parents and other relatives.

—Miss Gladys Osborne who is attending I. C. A. at Oldenburg, Ind., spent the week-end with Miss Lona Chaney.

—M. E. Newhouse was among the passengers this morning to Indianapolis where he attended the meeting of the I. O. O. F. lodge.

—Ward H. Hackleman of Indianapolis was here yesterday transacting business and visited his father, Dr. F. G. Hackleman.

—The Misses Mae and Per Meredith were among the passengers this morning to Indianapolis where they spent the day with friends.

—The Misses Anna Geraghty and Elizabeth Waite were among the passengers this morning to Indianapolis where they spent the day.

—The Misses Margaret Fleehart and Georgia Morris were visitors today in Indianapolis where they visited the city schools of that place.

—George Auliman of this city and Mord Carter of Indianapolis were visitors yesterday in Morristown and Greensburg, where they transacted business.

—Mrs. Luke W. Duffey returned last night to her home in Indianapolis after a visit of several days here with her parents, Mr. and Mrs. Willard Amos.

—Mrs. George Greisser and Mrs. Hugh Mauzy were passengers this morning to Indianapolis where they visited Mrs. Harry Francis, who was recently operated on at the Methodist hospital.

—Dr. E. I. Wooden has returned from Olney, Ill., where he and Mrs.

Buy Your Suits at a Phenomenal Saving

The styles are so varied and attractive that their beauty is hard to describe. Some are tailored, some semi-tailored and others more elaborately made and trimmed. The sizes range from 16 to 44, and the colors are Navy, Pekin, Checks, Brown, Taupe, Oxford, Reindeer and Burgundy.

Thanksgiving Linen

EVERY woman adores fine, snow-white table linens, and for the time-honored Thanksgiving feast she is particularly careful that none but the best are used. These particular housewives whose linens are not up to their usual high standard of excellence, and are planning the purchase of a new supply, will be especially interested in our linen section.

Our department was never more complete than at the present. We consider this quite fortunate taking into consideration the situation of the linen market today.

EXTRA FINE SETS

1 set all pure warranted linen, 81x81 cloth—1 dozen napkins to match—size of napkins 22 inch—complete set, priced at \$20.00.
1 set 72 inch Square Cloth—round patterns—1 dozen napkins to match at \$15.00.
1 set extra heavy all linen, an excellent quality, 81x81 cloth—1 dozen napkins to match—set complete for \$23.50.
Hemstitched Luncheon Set—Cloth and one-half dozen napkins at \$5.50.
1 Luncheon Set, 13 pieces—cloth and 2 sets of doilies at \$4.50.
Coties—2 and 2 1/2 yards square, priced \$3.00 to \$5.00 each.

LUNCHEON SETS

1 set pure linen—cloth and one dozen napkins—size of cloth 72x72—set complete \$12.50.
1 set warranted pure linen, 72x90 cloth and one dozen napkins—a beautiful set at \$13.50.
SEPARATE NAPKINS AND LINEN BY THE YARD
Napkins in mercerized and linen qualities—a wonderful assortment of patterns priced from \$2.00 to \$12.50 per dozen.
Some excellent extra heavy all pure linen napkins priced at \$10.00, \$11.00 and \$12.50 a dozen.
Linen by the yard worth from 90c to \$1.50 in the mercerized.
All linen at \$2.25, \$3.00, \$3.75 and \$4.50 per yard.

SPECIAL—One assortment of good patterns in dark and light Outing Flannels—35 cent grade at a yard

and light plant coal, as the government in its recent ruling stated that the railroads must be kept in operation.

Several bids were submitted for the installing of a new header as a part of the new equipment for the water and light plant. The bids varied from \$2,000 to about \$5,000 and because of the wide variation no bid was accepted, and the water and light committee will investigate the bids more closely. If an agreement is reached, a special meeting will be called and the contract allowed.

The headlight on the motorcycle used by the police department recently was broken off, and the council decided to buy a new one, of a higher powered type.

The usual bi-monthly bills were

allowed, and the claim of Frank Havens for \$12.00, which was carried over from the last meeting, was allowed.

We Could, But We Won't

We are fed up on war, and strikes, and profiteering, and the many other what-nots of the day.

We are surfeited with the complaints and the grievances of mankind.

The milk of human kindness has curdled and the benevolence of charity has vanished.

We need a change.

We need a little joy in life.

We need to remember that there is a right and a wrong—a justice and an injustice—a straight and a narrow path, and one as crooked as the hairy legs of the devil.

What a world this would be if we could all make a change—if we could dig out the Golden Rule and place its tents above avarice and greed, above suspicion and abuse.

We could bask in the sunshine of life and watch the clouds roll harmlessly by.

We could see us a people of supermen, guided by the teachings of brotherly love instead of by those of conquest and annexation.

And we could see the light of joy in every heart, in every home.

We could—but we won't.

Wiping Out a Disgrace.

The law abiding citizens of the state of Washington are determined that there shall be no opportunity for the recurrence of the disgraceful scenes which were enacted in Centralia on Armistice day when four former American soldiers were killed and a fifth mortally wounded by bullets fired by the hands of members of the I. W. W. "War to the death" is the slogan adopted in Seattle and war it must be. Law and order will be preserved in this country and there is no time like the present to settle the entire matter. These men are proved enemies of the United States. They cannot be handled with gloves. Their methods are the methods of sneaks, cowards and spineless curs. Their senses are dulled to any appeal for justice, right and honor. Honor is absent from their make-up. The whole country sympathizes with the people of Washington in this terrible catastrophe. Horrible as it is it will stimulate the people to action. The enemies of the government have attacked those who went forth to uphold the Constitution, the flag and the honor of their country. Death is far too good for such as these.

The government has the alien parasite on the run. Give him a swift one as he rushes by.

The world is in a mad stampede for gold, and the maddest of all is the one who is left behind.

These are the days, however, when beauty in spots is but powder deep.

All men are great, in one way or another—but principally it is the other.

To be sure, William, silence is golden, even in these days of strenuousness—when the bill collector is on your trail.

Coal is king, and diamonds, pearls and rubies are but midges reflecting in the glory of the mighty.

TO SPEAK AT REVIVAL

Mrs. J. A. Trench, of the Salvation Army, will speak at the United Brethren gospel meetings tonight at the corner of West Seventh and Arthur street. Everyone is invited to attend and hear Mrs. Trench.

BIBLE STUDY HOUR

A Bible study hour is being conducted from 7 to 8 o'clock each Wednesday night, followed by a social hour, by the Glenwood Christian church Sunday school at the McGraw hall. An invitation is extended to everyone to attend.

Opium can be bought for 75 cents (Mexican) an ounce in Burma and sold for \$10 an ounce in Shanghai. The result is wholesale smuggling.

Had to Retire From the Force

Policeman With 26 Years Service Now Tells of Trouble—Change Is Remarkable.

"My health was so bad before I took Tanlac that my friends had given up all hope of ever seeing me well again, but now I'm enjoying the best of health," said H. R. Damm, living at 217 N. Orange St., Peoria, Ill., the other day. Mr. Damm has made Peoria his home for nearly half a century, has the honor of serving on the police force about as long as any man in Peoria, which covered a period of twenty-six years of service before he retired some time ago, and he numbered his friends by the hundreds.

"I had suffered so long that I was almost a nervous and physical wreck," he continued, "and it was actually reported that I would live only a short time, but now I am a well and happy man and just haven't felt so fine in thirty years—and I just feel like getting out and going from house to house and telling everybody what Tanlac has done for me."

"You see, my health broke down from constant duty on the police force for so many years, and it seemed that everything gave way at once—my digestive organs got out of order, and every time I ate anything gas would form and cause awful cramps in my stomach. Year after year my condition got worse and finally I couldn't eat a thing but a little soup, and some nights I couldn't sleep a wink until way in the morning, and to make a long story short I was what you might call a perfect wreck, and had to retire from the police force."

"I knew something had to be done and done right away, so I told my wife I was going to quit all my treatments and try that Tanlac that I had been reading about in the papers. Well, sir, as long as I live I'll believe that this one quick decision is all that saved my life. Why, I tell you, I hadn't taken but a few doses of this Tanlac before I knew that after all these years I had at last found the right thing. My recovery is simply remarkable, and when my friends come to see me now it is hard for some of them to recognize me, and it's a fact, I haven't felt better in thirty long years. I can eat three square meals a day, and just anything I please, too, and as sure as I'm alive today I don't have one bit of trouble with my stomach, and sleep, my goodness, I never slept better in my whole life. This Tanlac is just simply wonderful, that's what I want my friends to know, but I can't see all of them, and so I wish you would publish this statement for the benefit of all my friends."

Tanlac is sold in Rushville by E. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

CAR STILL HELD IN THE REPLEVIN SUIT

Continued from Page One
against Mr. Behout alleges cruel and inhuman treatment. Mr. and Mrs. Behout before their separation lived at 1027 North Maple street, this city.

The case of Herbert H. Evans against Walter Emsweller on a note asking judgment in the sum of \$300 was dismissed yesterday by the plaintiff, and the costs paid.

In the case of the Terre Haute Brewing Company against George Gray, et al., on a contract, demanding \$3,000 an agreement on judgment was filed yesterday and judgment was rendered on the agreement for the plaintiff in the sum of \$200 and costs. The case was sent to this county on a change of venue from Hancock county.

The petition of J. D. Stewart who asked for a change of judge to hear his case, was acted upon favorably by Judge Sparks, and it was agreed by the attorneys for the state and Stewart to have Judge John Craig of the Decatur circuit court to hear the case. Stewart was recently indicted by the grand jury on two charges of having intoxicating liquor in his possession.

The case of the state against Harry Headlee, for surety of peace again came up yesterday. This case was taken to the circuit court on an appeal from the justice of peace court. On June 17, the case was brought up in circuit court and the defendant defaulted. Will M. Spivey who had previously gone on his bond for \$100, was ordered to produce the defendant in court, and yesterday he defaulted again.

The custom of playing tricks on April the first originated with the Hindus, who, however, in ancient days observed the last day of March.

The waiter's strike had reached an indefinite status. It was one day off and one day on. A portly gentleman with obvious space for food had entered at seven o'clock, ordered and then waited until eight, hoping that the original waiter would re-appear. He failed to. At eight o'clock another waiter came on, and after taking the "Hurry-it-up" command, he also disappeared, and was followed at nine o'clock by another tray hustler who promised to produce the two missing gentry. He also disappeared. About ten o'clock the wearied patron dozed away and at eleven the manager—the sole remnant of a once noble force—tapped the somnolent man on the shoulder and said:

"What was it you ordered?"

The drowsy man awakened and said:

"Uh? Oh, it was a beefsteak dinner, but make it grape fruit and ham and eggs."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican.—(Adv.) 2

GRADE TEACHERS VISITING TODAY

Observe Methods Used in Connorsville, Shelbyville and Indianapolis Schools.

THEY WILL COMPARE NOTES

Expect Greater Benefits Than From Attending Another Day of State Meeting

Grade teachers of the Havens, Jackson and Graham Annex schools, Miss Ramey of Washington school and Miss Mabel Cornwell, supervisor of music, visited the schools in nearby cities today to get ideas on methods employed by teachers elsewhere.

All of the grades were dismissed for the day, but the high school was conducted as usual and the instructors will visit other schools during the year, one at a time, so that the program will not be interfered with. High school teachers are specialists more than grade teachers, it is pointed out, and their work as a rule does not follow the general lines observed in teaching grade pupils.

The grade teachers visited in Indianapolis, Shelbyville, and Connorsville. Those going to Indianapolis left at 6:02 over the I. & C. traction line so as to be at the buildings they proposed to visit in time for the opening exercises and take notes on lesson preparation, recitation periods and other things in connection with the day's routine.

Supt. J. H. Scholl, in discussing visiting day this morning, pointed out that no more time was being lost in the Rushville schools than in other city schools of the state because the majority of them took two days for the meeting of the Indiana State Teachers association last month, whereas the Rushville teachers only took one day. He said the teachers felt that they would be more benefited by a day of visiting than by attending the state meeting another day.

"The grade teacher is an important factor in the public schools", Supt. Scholl said. "She must not only know subjects well, but she must know how to teach art, music and penmanship and manage an average of forty pupils to the room".

On their return, the grade teachers will compare notes and each will be benefited not only by what they themselves but by the things that all learned. In some cases, Supt. Scholl said, they may see better work and be stimulated to greater efforts, and in other instances they may be encouraged with their own work when they see some which is not so good.

KNIGHTS WIN TWO FROM THE PAGES

The Knights took two games last night out of the three bowled in the Knights of Pythias league, defeating the Pages. Because of a shortage of players, only a four man team was used. The score and summary:

This un-retouched photograph shows a truck operated by the Pea Transfer Co. equipped with Goodyear Solid Tires that are comparatively little worn by 12 months of hard work

Why This Rushville Transfer Co. Adopted Goodyear Solid Tires

"We re-equipped our truck a year ago with Goodyear Solid Tires. These tires have given us fine service. Now that you have a hydraulic press here in Rushville, we will take advantage of your service when renewal time comes."—Pea's Transfer & Storage Co.

CERTAINLY Mr. Pea has had ample opportunity to be fully informed of every element of strength in Goodyear Solid Truck Tires.

He has used them on his truck in some of the most punishing kinds of hauling for considerably more than a year.

Yet despite the hard work in which they have been used, he has found that these tires wear down slowly and evenly.

He has come to know that a Goodyear Solid Tire is so powerfully knit—rubber tread to steel base—that separation of the tread from the base is practically impossible.

As a result, he intends to re-order Goodyears when he needs more tires.

The experience of this Rushville truck owner, duplicated in countless cities all over the country, presents overwhelming evidence why you should use Goodyear Truck Tires also. It simply means that they wear longer and cost less.

Let us analyze your hauling conditions to determine which Goodyear—Solid, Cushion, or Cord Pneumatic—is best fitted for your particular needs.

When truck costs may be saved, do not postpone action.

FORMER LOCAL BOY FREED

Haskel Higgins Acquitted on Instructions From Judge Anderson

Haskel Higgins, son of Mr. and Mrs. Jesse Higgins of this city, was found not guilty of transporting liquor into the state, in federal court in Indianapolis Monday when Judge A. B. Anderson instructed the jury to make such a finding. Evidence was submitted to show that Higgins had been involved with his father-in-law, Charles Everett, who had pleaded guilty to having whiskey sent from Cincinnati packed in barrels of glassware. The court held the evidence insufficient to show that Higgins knew what was in the barrels.

TO GIVE MASKED SOCIAL

BUTTER FROM LEATHER REFUSE

Lonodn, (By Mail)—The Britisher is beginning to realize that like the rhinoceros, he can eat anything.

During the war butter vanished from the menu, the only obtainable substitute being margarine. The small boy, asking his parent what was margarine made of, invariably got the vague reply, "O, butts or something."

But now the small boy knows. And so does his parent.

The Government recently found itself left with large surpluses of lard and castor oil and it was announced in the press that these had been "taken over for the manufacture of margarine."

And now scientific journals are telling the much-tried British public "it is possible that during the war you may have buttered your bread with the refuse of hides from which your boots were made."

Butter still being unobtainable, the restaurant-diner is no longer content to be told by the waiter that the yellow substance on his plate is "margarine." He wants to know

which kind—lanoline, castor oil, or hide refuse. And he eats it or not, according to his tastes in the matter.

LICENSED TO WED

A marriage license has been issued to Russell B. Kirkpatrick, son of Mr. and Mrs. S. D. Kirkpatrick, north of this city, and Miss Ruth Innis, daughter of Mr. and Mrs. R. A. Innis of North Harrison street.

today—take a few of them according to directions—and your cold will be stopped before you know it. They will not grip or sicken. These excellent tablets work within twenty-four hours. Ask your druggist or dealer—25 cents.

Council Friday evening has been postponed until further notice, as there is business to come before the council.

Miss Laura Meredith will be hostess for the D. A. R. chapter at her home in North Morgan street Thursday afternoon at 2:30 o'clock. The assisting hostesses will be Mrs. Frances Payne, Mrs. Sarah Mowers, Mrs. Fanny Ridenbaugh, Mrs. L. R. Bishop and Mrs. Alva Eakins.

The Ladies Missionary Society of the First Presbyterian church was entertained yesterday afternoon at the home of Mrs. Lon Link in North Perkins street. The interesting program which was given was in charge of Mrs. C. E. Liddle. During the social hour refreshments were served.

Mrs. Clara Bebout entertained the members of the Ladies Aid society of the M. E. church yesterday afternoon at her home in North Morgan street. After a business session, the regular program was carried out. A dainty luncheon was served at the close of the meeting. The assisting hostesses were Mrs. Sam Morgan and Mrs. Minnie Abernombie.

One of the most beautiful home weddings of the season was solemnized last evening at five o'clock at the home of Mr. and Mrs. John P. Frazee in North Main street, when their daughter, Miss Frances Frazee was united in marriage to Jay Gould Drum of Miles City, Montana, the

Rev. C. S. Black of the St. Paul's M. E. church performing the ceremony.

The rooms of the home were beautifully decorated with wall pockets and vases of yellow and white chrysanthemums and roses. The ceremony took place before a mantel artistically decorated with smilax and ferns and on both sides were tall cathedral candles. Preceding the ceremony several bridal airs were played by Miss Dorothy Frazee, cousin of the bride, pianist and Mr. Montani, of Indianapolis, harpist. To the strains of the Lohengrin's wedding march, the bridal party marched down an aisle draped with white ribbon to the altar. John Frazee and Havens Frazee, brothers of the bride, led, followed by the bridegroom and the minister. Preceding the matron of honor, Mrs. John P. Frazee, Jr., was the little flower girl, Laurette Abernombie, dressed and carrying a French basket of Aaron Ward roses. Mrs. Frazee looked beautiful in a black taffeta dress, and carried a shower bouquet of pink roses. Last in the procession was the bride, becomingly gowned in a beautiful blue charmeuse dress trimmed in silver and carrying a bridal bouquet of white roses and orchids.

Immediately following the ceremony a delicious three course turkey dinner was served. The bride's table was centered with a large wedding cake, around which smilax and roses were banded, and on top was a miniature bride and bridegroom. Small individual yellow can-

dles marked the places for the guests and cast a soft glow over the room during the dinner. The small tables which were used were similarly decorated in cupids dressed as brides and yellow candles.

The out-of-town guests present for the ceremony were Louis Frazee of Miles City, Montana; Mrs. Mand Shields of Chicago; Mr. and Mrs. Vachel Hamilton, Mr. and Mrs. Lucius Hamilton, Oliver Hamilton, Misses Frances Hamilton and Helen Courtney of Indianapolis; Mr. and Mrs. Carol Hoken of London, O., and Mrs. Kate Lindsay of Springfield, Ill.

Mr. and Mrs. Drum left on their wedding trip to Chicago, Ill., and Minneapolis, Minn., immediately after the bridal dinner. The bride's going away costume was a brown duvetyne dress and brown seal coat with accessories to match. They will reside in Miles City, Montana, where Mr. Drum is engaged in the hardware business.

Mrs. Drum is a popular young lady of this city and was a leader in

social circles. She is a member of the Psi Iota Xi sorority and attended a girl's school at Jacksonville, Ill., and also Northwestern University at Evanston, Ill.

LUCKILY ESCAPES IN BAD RUNAWAY

Continued from Page One
 not damaged in the least. The horse was stopped a considerable distance down the road and was not injured. The harness was broken in several places when it was torn loose from the buggy which was lodged on top of the iron railing.

The accident happened on the Greenfield pike, and the Blue river bridge is only about a half mile from Carthage. Mr. Gephard is a well known farmer, and lives in the Carthage vicinity. They were removed to their home this morning, after spending the night at the place where they were taken for treatment.

DISCUSS TRADE MATTERS

11th Annual Meeting of Ind. Canners' Association Opens

Indianapolis, Ind., Nov. 10.—Discussion of trade matters opened the morning session of the eleventh annual meeting of the Indiana Canners' association today. The afternoon was to be devoted to executive session.

Many of the members will leave tonight for Chicago to attend the

convention of the Western Canners' association, which will be in session two days starting tomorrow.

AMERICAN "Y" AGAINST "REDS"

5,000 Delegates Attend Opening Session of 40th Triennial Convention of Association

FRIDAY TO BE CLOSING DAY.

Three Special Commissions Were Appointed to Study and Survey Problems.

Detroit, Nov. 19— "Bolshevism must go".

This was the decision here today of 5,000 delegates attending the opening session, fortieth triennial convention, Young Men's Christian Association of North America. Delegates were here from the United States, insular possessions and Canada.

No joint meeting of the Canadian and American Y. M. C. A. officials had been held since the United States entered the world war. The last international convention was in Cleveland, in 1916.

Important subjects to be studied during the session, which lasts until Friday, as outlined by officials, follow:

Co-operation of the Y. M. C. A. in assimilating back into American and Canadian life the 4,800,000 men who served in the army and navy of the United States, and the 500,000 men who constituted the Canadian forces.

Stabilization of the many millions of men in industry.

How to stamp out Bolshevism.

Practicability of building the army camp type of hut in rural communities, for peace-time association services.

World-wide expansion of American Y. M. C. A. considering many requests from many countries, including France, Italy, Serbia, Greece, Poland, Czechoslovakia, Armenia and Palestine, for its assistance among civilians, as well as in military and naval forces.

Possible use in peace time of women Y. M. C. A. secretaries, 2,700 whom were used during the war. Re-studying of co-operation between the Protestant churches, the old and new religion and welfare organizations and the Y. M. C. A.

Three special commissions were appointed to study and survey the problems, as follows:

Occupation of the world-wide: L. A. Crosssett, Boston, chairman; Cyrus H. McCormick, Chicago, vice-chairman; A. C. Bedford and George W. Perkins, New York City; J. C. Eagan, Atlanta; Gov. Carl Milliken, Maine; R. E. Olds, Lansing, Mich.; E. Rogers Kemp, Tulsa, Okla.; L. A. Goulter, Dallas; T. Warner, Bridgeport Conn.; D. McAlpine, Morristown, N. J. Conservation of values of Y. M. C. A. war work: Joseph T. Alling,

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on! Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

AUTOMOBILE SALES COMPANY ORGANIZED

Will M. Frazee and Ed N. Hill of Carthage Form Rushville Overland Company

HAVE OPENED FOR BUSINESS

The formation of a new automobile sales company in Rushville was announced today. Ed N. Hill, formerly manager of the Carthage straw board plant, and Will M. Frazee of the Central Fuel Gas company and formerly claim agent of the I. & C. Traction company, have joined in organizing the Rushville Overland company and have already opened up for business in the Dr. C. H. Parsons room in East Second street, which was until recently occupied by the Farmers Supply company.

Mr. Hill, who has continued to make his home at Carthage since retiring from the Carthage straw board plant a few years ago, will move to this city and be actively engaged in the sale of automobiles. He has been managing a large farm in which he has an interest, in Ripley township north of Carthage. Mr. Hill's brother, Walter Hill of Indianapolis, formerly of Carthage, will move to Knightstown and take over the management of the farm.

The Rushville Overland company will deal in accessories in addition to selling Overland automobiles.

Toads lay their eggs in strings.

FOR FIVE YEARS. WHY?

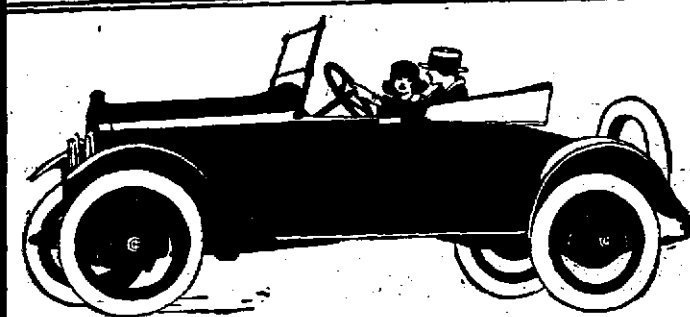

If a machine is to be guaranteed for a term of years, it must be built to stand up at least that length of time. Every part must be as strong as the rest—no weak points. Something besides "bull strength and awkwardness" is necessary. The "RUSHVILLE SPECIAL" Spreader is scientifically constructed, and the Litchfield Company knows this, because under its own roof, every part and piece is built from the raw material. This spreader is not the product of an "assembling" plant.

In building the "RUSHVILLE SPECIAL" Spreader for me, every unnecessary part has been eliminated and the machine scientifically designed and constructed so that no needless material is used. All required strength is there but your team need not haul around any useless, clumsy, awkward "wooden shoe" weight or bulk. The Bull Dog Beater Wheel and the No-Choke Box put less strain on the machine than any other form of construction so far invented. They also greatly reduce the draft on the horses.

The Self-Oiling journal bearings, the single lever, the studied simplicity—all tend toward efficiency and making the machine fool proof.

The all steel frame with circle front and steel bridged bolster construction, the endless self-cleaning conveyor, self-aligning bearings, high carbon beater teeth, crossed truss reinforced frame—all scientifically built together, give me a spreader of KNOWN quality. Thus our reason for the guarantee which comes with the factory's signature. Look this spreader over.

C. H. Tompkins RUSHVILLE, IND.

Hupmobile Roadster

We believe the Hupmobile to be the best car of its class in the world. For its Appearance, Comfort, Performance, Durability and Economy there is none other that will equal it in its class. To those who are competent to form right judgments from a discussion of mechanical details should study the specifications of a Hupmobile.

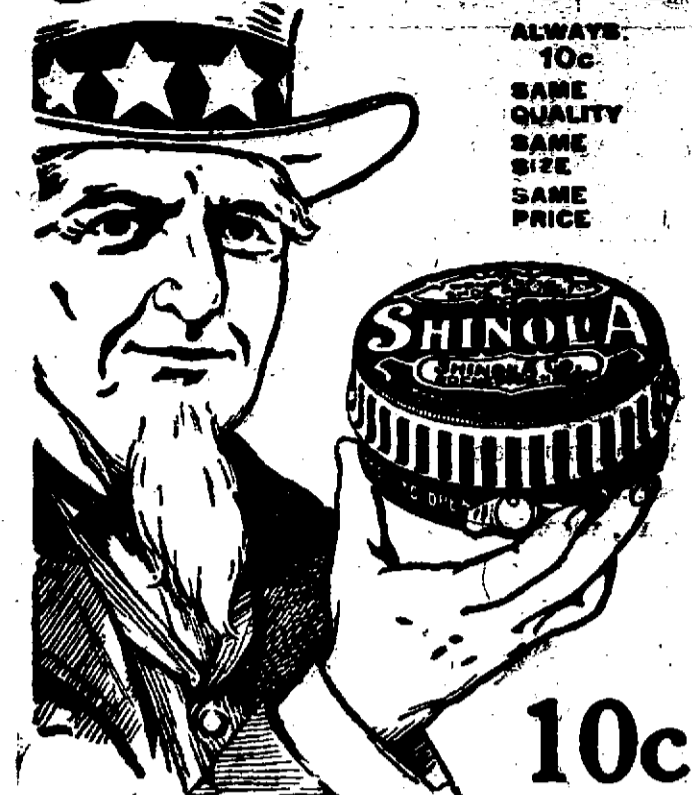

We have a roadster on our show room floor, at present. Come and allow us to explain the fine points of "THE COMFORT CAR"

COMPLETE HOME FOR WISCONSIN COLLEGES

Money is to be Used in Paying Higher Salaries to Faculty Members of the Colleges

CAMPAIGN FOR \$5,000,000

Milwaukee, Nov. 19.—Wisconsin today completed a campaign that has attracted or will attract the attention of the entire educational field in the United States.

This was the final day in a week's drive to raise \$5,000,000 for the Wisconsin Colleges Associated, an affiliation of the University of Wisconsin, Marquette university and minor colleges of the state of all denominations.

The money is to be paid during a period of five years by all subscribers to the fund and is to be used in paying higher salaries to faculty members, to insure the teaching of a better Americanism and inculcate higher ideals in the minds of the students.

The plan may be tried in other states. Dr. Frank W. Gussanakis, president, Armour Institute of Technology, Chicago, and other leading educators of the country used their influence in making the campaign a success.

Capt. Kiplinger Arrested By Swiss After Graft Probe

Continued from Page One

Lincke Brothers of Zurich, of which Dr. Lincke, chief of the federal department of public economy of the Swiss government, is the head got the contracts, but had only German steel, and could not get export licenses from Switzerland, and never delivered a cent's worth of goods, but settled their claims after the armistice with the United States for 35,000 francs.

Pfuger incorporated, another Swiss concern, had contracts for 10,000,000 francs' worth of barbed wire cutters, field forges, anvils and electric flashlights which were never manufactured, but received 1,200,000 francs from the United States government in settlement of their claims.

Rudolph Lincke and Dr. Schuppli, who is the father of the head of the Pfuger company and wealthy prominent and powerful in Zurich, threatened the American captains, when they arrived to make investigations that they would never be able to get out of Switzerland with their proof and evidence.

Nov. 10, Captains Dasher and Kiplinger had completed their deposition and at 8 o'clock in the morning detectives smashed into their rooms at the National hotel at Zurich, and menacing them with revolvers, placed them under arrest and marched them through the streets to police headquarters.

The two Americans were held without breakfast or luncheon, until mid-afternoon, being submitted to a grilling third degree by Swiss detectives.

Dasher and Kiplinger asked that the American consul at Zurich be called or notified, and the Swiss authorities refused. The captains then showed their diplomatic passports, with diplomatic Swiss visas, and also their credentials as judge advocates of a United States general court martial appointed by President Wilson himself, and letters from the

NEGLECTED COLDS ARE DANGEROUS!

Dr. King's New Discovery soon breaks a cold and checks a cough

CHILLS—fever—coughs—and throat's hard cold develop. Take a little Dr. King's New Discovery. DISCUSSES ADOPTION OF NEW CONSTITUTION

State Convention of the Service Star Legion Opens at Indianapolis Today

WAS FORMERLY WAR MOTHERS

(By United Press.) Indianapolis, Ind., Nov. 19.—Adoption of a new constitution to conform with that of the national organization was to be the main business before the state convention of the Service Star Legion, which opened here today.

Another important topic to come before the meeting was a plan for further organization in the state.

The Service Star Legion formerly was the War Mothers of America. It comprises women who had sons or relatives in the World War.

Mrs. Robert Carlton Morris, Toledo, national president, was to address the meeting regarding the convention of the American Legion in Minneapolis, which she attended. Delegates who attended the national convention at Baltimore also were to discuss that meeting.

American legation at Berne, signed by Pleasant Stovall, but the Zurich police refused even to look at them.

The chief of the Zurich police finally agreed to release the captains, but told them he intended to confiscate all their papers and documents. When Kiplinger and Dasher accused them of being in conspiracy with Rudolph Lincke and Schuppli, the chief of police did not reply, and later one of the detectives is said to have admitted to the Americans that the trio had exerted influence to have the captains arrested and their papers seized.

When released the Americans proceeded immediately to Berne with certain invaluable papers which they had hidden and which the police could not find, and put them in the American legation safe. Minister Stovall then made a strong protest to the Swiss foreign office, demanding an apology and restitution of the papers, but up to last night the Swiss authorities had not even replied to the protest.

Capt. Dasher proceeded to Paris, arriving here today, and Capt. Kiplinger remained in Berne. Dasher's statement was cabled to the state department and war department, and strong pressure is being applied to the Swiss, as the frauds amount to more than 10,000,000 francs.

Wetmore is now a prisoner of the American military police in Paris.

The frauds were detected when the armistice occurred and all the existing contracts were cancelled. After the cancellation these bogus Swiss concerns put in demands for damages, although they had never delivered any goods and were unable to supply them. It is alleged that all three of the above mentioned firms are mere blacksmith shops or tool repair stations.

NEW DIRECTORY PRINTED

The Rushville Co-operative Telephone company is having a new directory printed and subscribers who have changed addresses or want telephones are requested to notify the company at once so that the directory may be correct.

All the big European nations except England have spent millions of pounds in improvement of water ways in the last decade.

There is a Dr. Scholl's

Appliance or Remedy For Every Foot Trouble
Nov. 17 to 22 will be Dr. Scholl's Demonstration Week
Fred McGinnis, A Graduate Practipedist Will Demonstrate Foot Comfort Here

This store will signalize this nation-wide week of foot comfort demonstration by Grand Demonstration conducted by our graduate Practipedist. The scientific methods of relieving foot discomforts which he learned in the course given by the

American School of Practipedics

of which he is a graduate, will be put to practical use in correcting the causes of foot suffering in our patrons. YOU are invited to come in and let him carefully

Examine Your Feet and Advise You Free

No matter whether your trouble is severe or trivial, whether it is a mere corn or a badly fallen arch, the Practipedist can and will show you how it can be readily and quickly relieved. He uses the same methods which were originated and so successfully used by

Dr. Wm. M. Scholl

the eminent authority, in his work as a foot specialist.

Allowing our Practipedist to examine your feet will not obligate you in the slightest. He will merely determine what the cause of your trouble is, give you advice on foot care and show you how you can, when ready to do so, have that trouble corrected and gain

Real Foot Comfort.

BODINE'S NEW ERA

We Deliver Free

Often times people living in this or adjacent counties have clothing and other articles which are in need of dry cleaning service. Parcel post brings the establishment of the Twentieth Century Cleaners and Pressers to the door of everyone. Their mail order business has grown wonderfully in the last year, and the same satisfaction is guaranteed to out-of-town people, just the same as those who are served in Rushville. Mail your packages, and we deliver free. Instruct us what is to be done, and we can do it. **ODORLESS DRY CLEANING IS OUR SPECIALTY.**

Are Your Hogs Worth Protection?

Isn't an ounce of prevention worth a pound of cure? If so, why not use **NATIONAL HOG POWDERS**. They are a preventive and a worm expeller that pay to use.

This Building Pays Dividends

Good farmers found out long ago that the better livestock is housed the more it pays for its keep. A good barn, whether it be for dairy cows, mixed stock, grain storage, or general purposes, is a farm structure that never fails to pay dividends on the investment.

Build the Barn You Need

The barn shown in this cut is a big, complete, thoroughly modern structure. We have blue prints and working plans for it, and can give you complete and accurate cost estimates. If this building is too large for your needs, we have others, smaller in size, that may just suit you—and we have the plans for them, too.

FARMER'S INSTITUTES OPEN

Parque Has Five Hundred and Sixty Meetings Scheduled in State.

Lafayette, Ind., Nov. 10.—The agricultural extension department of Purdue university today opened its series of farmers' institutes to be held throughout the state during the next four months. Five hundred sixty meetings are scheduled.

There were sessions today in Dubois, Gibson, Brown, Crawford, Floyd and Switzerland counties. Thirty-two institutes will be held during the remainder of this month. Addition of several new speakers this year had strengthened the staff of institute speakers.

Obituaries...33

In Loving Memory of Our Dear Wife, Mother and Sister

Mary Jane Morgan was born March 15, 1857 near Westport, Indiana, where she lived the greater part of her life. She was married to Samuel Hile December 25, 1882. In this home were born two daughters, now married, Florence Leasure and Mabel Beyer. All who have lived in Rushville, Indiana during the past ten years or more. Early in girlhood she gave her heart to Jesus and has never faltered in her love and obedience to his will. In all her relations of life, as daughter, wife, mother, sister and friend she was faithful, loving and true. Her ideal of her duty was high, to her home, her neighbors and her church. And while frail in body, was sustained by this high ideal to be up and doing.

Through the many days of the weariness and pain we so gladly ministered to her needs with the hope that we could restore and keep her with us yet awhile. On October 9th, 1914 God released the brave spirit and she passed into Eternal rest. The light has gone out of our home. In grief and blinding tears we can hardly see the way. Oh, may the faith and courage of our dear one be as a torch to light our way. We believe her love for us is everlasting, and that as she always gave us a loving welcome to her home here on earth, she will be watching and waiting to welcome us into the Beautiful Home Over There. "I will come to thee in the morning, O mine own."

Wait for me on the Eternal Heights above.

The way is troubled where my feet must climb.

Eye I shall tread the mountain top sublime.

We Who Mourn. 213t1

Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

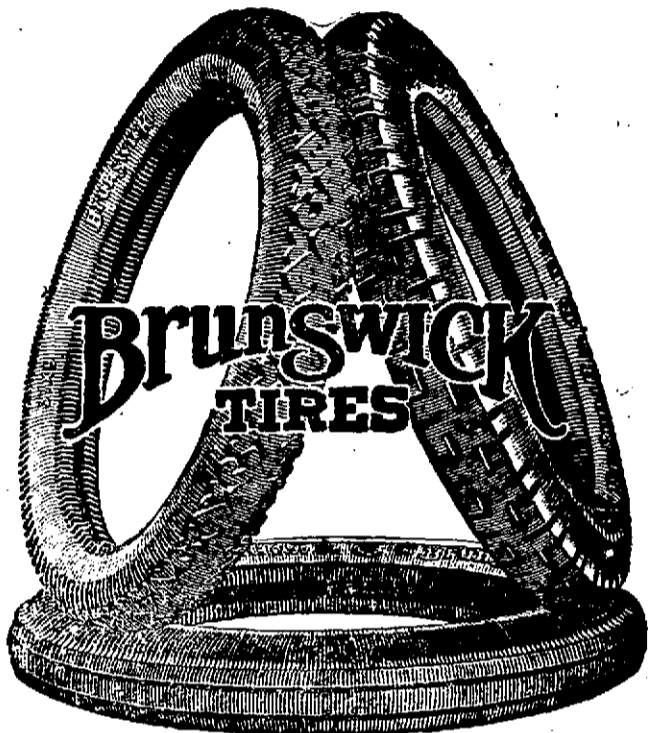

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

A large crowd was in attendance at Sunday school Sunday.

HIS GENTLENESS PICTURED

Minister Deals With Christ's Treatment of Sinners in Sermon

"The Gentleness of Gianthood" the subject of the Rev. W. N. Briney's sermon at the Main Street Christian church last night, was by many considered the most masterful of the many splendid sermons he has delivered in this city. It was an unusually strong presentation of the character and claims of Christ on the lives of men. His gentleness in dealing with sin and the sinner to win them to Him. A beautiful trio was sung by Homer Cole, Lloyd Nelson and Orville Zimmer. The subject of the sermon this evening will be "Must I Do Anything to Be Saved?"

KNIGHT TEMPLAR MEETING

Amusements

Fatty Arbuckle at Mystic

Roseoe Arbuckle is at the Mystic theater today in a comedy entitled "Fatty's Wedding Day," which is said to measure up to previous Arbuckle comedies as fun-producers. Harry T. Morey will also be seen in "Beating The Odds." Thursday Elmo Lincoln comes in another episode of his serial, "Elmo The Mighty," and a western picture with Pete Morrison in the leading role and a comedy will also be shown.

Olive Thomas Here Tonight

Olive Thomas, the charming and vivacious Selznick star, will be seen in the first of her series of Selznick Pictures, "Upstairs and Down," as a delightful little "baby vamp." No man misses her flirtations eye and each falls a victim to her entrancing smiles. To her, man is life and flirtations food. It makes no difference who the man is, as long as he is willing to fall a victim to her charms. She loves them all—fat, lean, tall and short.

"She is a happy little body, but a mischievous one. She is happiest when she is busy getting in or out of some scrape. She's a game little person, for no matter how big the risk she'll take it if there's any fun in it.

For the "baby vamp" life is one merry, mad merry-go-round. She looks through rose-colored glasses and the sun is always shining. When trouble comes she merrily throws it over her shoulder with a shrug and a smile. Nothing can faze her.

Olive Thomas with her gaiety, vivacity and "pep" is particularly adapted for such a role. She gives the character life and feeling. The delightful story of the irresistible "baby vamp" can be seen tonight at the Princess theatre.

In Mesopotamia wherever irrigation is employed it has been found necessary to build railroads to care for the increased commerce.

Sciatica,— Lumbago,— Rheumatism Caused by Uric Acid

Laporte, Ind.—"I suffered for nearly a year with sciatica. I was unable to work for two months in the spring and about three weeks in the fall. I took electric treatments and several different kinds of medicine but got no relief until a short time ago when I came in possession of a bottle of Dr. Pierce's Anuric (anti-uric-acid) Tablets, which I took in accordance with directions. One week after I started taking Anuric I went back to work in a greatly improved condition, and today no matter what the weather is I have no pain from sciatica, so I will recommend the Anuric Tablets to all who are suffering from rheumatism."—GLEN HINES, 204 Washington St.

A WONDERFUL REMEDY FOR KIDNEYS, BLADDER, URIC ACID

Through failure of kidneys to act, through congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

At Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., there has been tested for the past few years a new remedy for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and so many cases, both acute and stubborn, have yielded to this wonderful remedy that Dr. Pierce decided to name it Anuric (anti-uric-acid) and arrange for its distribution to the public through medicine dealers everywhere. You will find it many times more active than lithia, dissolving uric acid as water does sugar.

Obtain a bottle of these tablets today from your druggist here in town. Simply ask for Anuric Tablets and notice the gratifying results.
